Rail Earnings, Factors

NEW YORK, Dec. 29.—Advance of the stocks, interrupted in the two preceding sessions, was resumed for a time today. Reading shares were marked up one to two points, but the demand was not sufficient to sustain the prices at the higher range. Gradually the list settled, until the effects of the early rise disappeared. Speculative favorites showed losses in the day.

Announcement of the appointment of receivers for certain stores and interests of the Siegel Stores Corporation apparently had little effect on the market at the moment, but was influential in bringing on the slow reactionary movement in the afternoon. The market had to contend also with the effects of further foreign sales due to unfavorable conditions in the European investment markets and year end settlements. London sold about 10,000 shares here.

U. S. November showing of a decrease in operating income of \$452,000 was in line with unfavorable reports on other large systems. Can. Pac. reported a gain in the net of \$620,000 and that stock responded temporarily with an uptick of two points.

Bond prices were higher, with some inactive issues rising materially. Total sales were \$2,160,000. U. S. four's coupon advanced 3/4; two's registered decline 1/2 on call.

PAINE-WEBBER LETTER.

(Received by L. J. Overlock)
BOSTON, Dec. 30.—In spite of lower London prices, the New York list rallied sharply this morning but the buying was short lived and the close showed slightly lower prices than last night. With the elimination of a large part of the short interest, the market is technically weaker and more rapidly yields to the bear raids. Things are not yet ready for a prolonged uptick and it seems reasonable to expect a few points reaction between now and the middle of January. The market for local copper continues narrow but there is decidedly more confidence and the selling is coming entirely from weak holders. Total sales New York \$29,100. Money 2 1/2 per cent. Metal 14 3/4 to 15.

NOTES INFLUENCING THE DAY

(By Levy Bros.)
The London Times denies that there is an Anglo-German conspiracy against the financial and commercial activities of the United States in South America.
A feeling in the Birmingham district, prevails that the market for pig iron will be more active after the holidays.
Railroad equipment orders are expected to relieve the steel trade.
The annual agricultural report shows that 1913 will be a record breaker in value.
Big New York banks may join the new currency system in a body.
Officials of the Standard Oil Company say business increased 50 per cent in 1913 and 1914 is looked for the same sort of results.

TEN THOUSAND NOW AT WORK—NO DEAL WITH UNION POSSIBLE

Lake Copper Country Mine Managers Make Plain That It Is Too Late to Talk

CALUMET, Dec. 30.—Uncompromising adherence to their determination to never by direct or indirect means recognize the Western Federation of Miners, was pronounced today by the mine managers of the Copper Strike district, who are willing to discuss the visit here by John B. Dunsmore, solicitor of the department of labor. The fact that Dunsmore announced his mission as one of conciliation made the most of the employers shake their heads dubiously.

"We could not treat with the Federation even if wished," said F. W. Denton, manager of the Copper Range Consolidated Mining Company. "The men now at work would never consider employment underground with members of the union, for there would always be trouble. In view of the fact that 10,000 men are now working for the companies, we cannot ignore their interests."

PENDELL MURDER CLEARS.

Harris, Negro Murderer, Confesses to Another Crime

SACRAMENTO, Dec. 29.—The mystery surrounding the murder on June 12, 1912, of F. E. Pendell, a wealthy Los Angeles diamond broker, was swept away at Folsom prison today when Burr L. Harris, the negro sentenced to be hanged on February 13 for the murder of Mrs. Rebecca Gay, a Christian Science practitioner, confessed that he killed and robbed Pendell.

The confession was made to Sheriff W. A. Hammel, of Los Angeles. Harris described the Pendell murder in detail. He said he entered the Pendell store and when Pendell asked him what he wanted, he said he wished to buy a diamond. When Pendell turned Harris hit him over the head with a lead pipe covered with rags. Harris said he feistfully selected what jewelry he wanted and escaped. The jewelry had been hidden, but the sheriff could not understand the exact location.

HE'S TALLEST COLLEGE ATHLETE

CHICAGO, Dec. 30.—Northwestern University claims to possess the tallest athlete engaged in varsity sport competition in the person of Alva Van Dyke. He is 7 feet 3 1/2 inches in height and is a candidate for the basketball team. Placing the ball in the basket should prove an easy feat for Van Dyke.

Death Came Quickly

Word was received in the city last night of the death of Ed. Scovill, for a number of years a well known Bisbee janitor and saloon porter, at the county hospital at Douglas. Scovill was taken to the hospital on Monday, suffering from pneumonia. His condition was such when he arrived that the physicians could extend no hope for his recovery. Scovill was 52 years of age. It is probable that internment of the body will be at Douglas.

One More Person is Added in 30 to 2 Who Thought They Saw Button

CALUMET, Mich., Dec. 30.—The possible identification of the man who started a panic in the Italian Hall on Christmas night by shouting "fire," was forecasted here tonight by O. N. Hilton, chief counsel for the Western Federation of Miners.

Hilton asked that the coroner's inquest into the death of 72 persons be adjourned until tomorrow, saying that he desired to produce several witnesses who said they could identify the man.

NEGROES ARE INDICTED.

Men Whom Mob Sought to Lynch Are Held for Murder.

CHESTERTOWN, Mo., Dec. 30.—Indictments charging murder in the first degree were returned today by the Kent County Grand Jury against Norman Mabel and James Paraway, negroes, for the killing of James R. Coleman, a well-to-do farmer, last Tuesday night.

Both the negroes had confessed their guilt, robbery being the motive for the crime. Chief Judge Constable instructed the jury to investigate the storming of the jail on Saturday night by a mob in an endeavor to lynch the negroes.
